

## Industrial Potential Assessment

	Advantage +2	Intermediate +1	Disadvantage -1
Existing communications systems	Good	Limited	Poor
Potential for communication systems	High	Medium	Low
Adjacent industry	Intensive	Some	None
Recreational use of site	None	In vicinity	Adjacent
Slope of land	Flat	Medium	Steep
Wildlife habitat	Unsuitable	Feeding area	Breeding ground
Incidence of wildlife	Rare	Intermediate	Common
Drainage	Very good	Fair	Poor
Access to labour force	Enhanced	Fair	Poor
Access to reliable power supply	In place	Can be built	None
Access to raw materials	In vicinity	Intermediate	Poor
Proximity to market	Local	Intermediate	Far
